

Dear

We are pleased that you are planning a field trip to Sabino Canyon. We think it is a beautiful and fascinating place and we welcome every chance we get to share the natural history with local school children.

Please go to our website and read the material there to help you choose the program you want presented to your students and help you prepare your students for their field trip. Please go to [www.scvntucson.org](http://www.scvntucson.org) and click on 'TEACHERS' INFO (Elementary)' at the left side of the HOME page.

About a month before your field trip a Volunteer Naturalist will call you to discuss the activities described on the website and to work out the details of your field trip. It is very important that the lead teacher for the field trip talk directly to the Volunteer Naturalist Day Captain so that the appropriate equipment and number of Volunteer Naturalists will be ready for you and your students when you arrive.

The Naturalists will be meeting you at \_\_\_\_\_ A.M. on \_\_\_\_\_ at Sabino Canyon to escort your class into the Canyon. Please be ready to participate in and assist with your student's activities.

In fairness to other schools, any changes or cancellation should be made at least two weeks in advance of your scheduled date. This would allow us to Inform our Volunteers of the change or schedule a school on the waiting list.

Since our program is designed for grades 1-6, we ask that your parent chaperones NOT bring preschoolers with them.

If you have any questions, just give us a call at the Scheduling Information Line (751-4766) or call your Volunteer Naturalist Day Captain at the home phone number he or she will give you when you are contacted a month prior to your field trip.

See you at Sabino!
